The first and second floors as well as the basement will have sprinkler heads to ward off possible fires. Pipe varying in size from 4 inch to 1 inch in diameter is being installed. Just behind the ladder is shown the connection with the water main coming from the street. Chamber Picks Directors, Plans Santa Claus Visit

New directors were elected when the Antioch chamber of commerce met Monday evening at Smart's country house. These in turn will meet later to select C of C officers.

Named this week were Bette Meyer, Stan Toton, Larry Ryan and Leonard Roblin.

Outgoing officers of the local C of C will be Ralph Gresens, president; Russ Barnstable, vice president; Marion Pechousek and Dick Erickson, directors.

Stores will be open from 9 a.m. to 9 p.m. daily starting Saturday, Dec. 5 to take care of the expected Christmas buying rush. An effort is being made to get the banks to stay open during the same hours on Friday.

Members were reminded that Santa Claus will make his first official visit to Antioch on Saturday, Dec. 5, arriving at the parking lot by helicopter. Several children will receive free rides in the helicopter. Plans call for putting up the new

street decorations for Christmas by the Dec. 5 date.

These consist of two baskets of imitation flowers on each of 16 poles in the village. These baskets will contain poinsettias for Christmas but will be changed for each season as the year goes by.

Jonquils and tulips will be used in the baskets during the spring

months and roses during the summer.

Phillip Schresswohl spoke to the chamber of benefits of a hospitalization insurance policy, a program sponsored by the chamber of commerce.

Chamber meetings are held once a month with a dinner preceding the business session.

3 Congressmen Visit Bong Base To Learn Of Work Already Done

BONG AFB—Area officials, Rep. Gerald T. Flynn (D-Wis.) and two members of the house armed services committee of the U. S. congress met Wednesday at the site of Bong Air Force base north of Salem.

Tuesday evening Flynn and Kenosha officials met at the Elks club in Kenosha to bring them up-to-date on what is happening in connection with the base.

Interested persons toured the base Wednesday morning with Rep. Leslie Arenda (R-Ill.) and Rep. Melvin Price (D-Ill.) members of the armed services subcommittee.

In the afternoon the group was scheduled to meet at the Dover town hall in Racine county to discuss various possibilities in connection with the base that the air force abandoned several weeks ago.

It was reported that tentative commitments had been made with the air force to complete eight of the contracts already under way at the base. This would mean all work except that on the hospital and dormitories would be completed.

Theory behind completing the contracts already begun rests with the idea it would be cheaper for the government than cancelling the contracts.

Program, Supper Planned Dec. 21 By Oakland PTA

A combined children's Christmas program and potluck supper will highlight the December meeting of the Oakland grade school PTA, it was decided at the November session held Monday evening at the schoolhouse.

The December event was scheduled for Dec. 21. It also was voted to continue the Christmas program for the Oakland school children.

Mrs. William Carrick reported that the PTA has 150 charter members.

Speaker for the evening, Harlan Ware, a teacher at Oakland grade school, was introduced by Mrs. O. W. Turner. His topic was "What Is American Education Week?"

He summarized his talk with Emerson's quotation, "What we really want is someone to make us do what we can."

The pledge to the flag and group singing opened the program. Mrs. Walter Aschenbrenner, music teacher, led the singing.

Antioch Plows Ready For Next 'Big Snow'

Board Seeks Town Water Improvement

Antioch's village board Tuesday evening took steps to improve the community's water supply and at the same time planned a study of the sewage problem in Oakwood Knolls subdivision.

A solution would be added to the water coming from the village well near the Soo Line railroad tracks to try and counteract what residents have described as an iron content in the water.

Equipment to be installed to feed in the solution would cost around \$400 to be set up, board members were told. It was voted to purchase the equipment and the materials needed.

A pump will be installed in the pumping station at the end of Spafford street designed to improve the water supply in that vicinity.

Board members said they had heard reports of trouble with the septic systems in the Oakwood Knolls subdivision, resulting in some places with pools of water and similar conditions.

It was estimated 40 per cent of the people living there are having septic system troubles.

Drainage in parts of the subdivision was called poor. Tile drain pipe and sump pumps could be used in some places.

Village engineer Dave Miller estimated that the cost of installing a sewage system in the subdivision would cost less than making the septic tank system now being used work correctly to correct conditions.

A referendum of people living in the subdivision on the matter of installing sewers and related work would be necessary before work started.

Mrs. Lorenz Injured In Recent Accident

Mrs. Raymond Lorenz, Jr., has returned to her home in Antioch from St. Therese's hospital, Waukegan, following treatment for injuries she received last Saturday morning in an automobile mishap.

She and Mr. Lorenz were driving a 1957 Triumph when it and a 1955 Mercury collided on the Edic road north of Grand Ave.

Mrs. Lorenz suffered a broken wrist and other injuries.

Machine Purchased

A milling machine was being hooked up and put in order in the shop at Antioch Township high school this week for use in school classes. The equipment was purchased from federal surplus stocks.

The high school board approved the buying at its meeting recently.

The Antioch News this week received honorable mention in advertising excellence (division A) in the 1959 Illinois newspaper contest conducted by the Illinois Press association.

A certificate of award signed by the contest committee and a pink ribbon with lettering to go with it were sent to the Antioch News.

Signing the certificate were Kenneth Smith, Kenneth S. Johnson and Gene Cunningham.

Commenting on the Antioch News advertising, the judges said:

"Ads show good advertising enterprise and imagination."

Gerry Nordmark, now with a Los Angeles newspaper, was advertising manager for the Antioch News during the period of the contest.

'School Out' On Nov. 11 Veterans Day

School sessions will not be held in Antioch and vicinity Wednesday, Nov. 11, (Veterans day) parents were reminded this week.

It also was announced this week that the Future Homemakers of America will hold an installation of officers at 7 p.m. Tuesday, Nov. 10.

Sunday, Nov. 15, is the date for the Antioch Township high school band concert in the school auditorium. Time for the concert will be 4:15 in the afternoon.

The Music Association of ATHS plans to meet at 3:15 p.m. that day.

February 8 has been scheduled as the tentative date for the annual music festival of the Northwest Suburban conference.

Other coming events at ATHS include the school board meeting at 7:30 p.m. Wednesday, Nov. 18, and the junior class play in the school auditorium at 8 p.m. Friday and Saturday, Nov. 20 and 21.

Antioch, LV Firms Change Their Names

SPRINGFIELD—Two name changes for firms in the Antioch area were announced this week by the secretary of state's office here.

The name of Feyerabend Lincoln Mercury, Inc., of Antioch was changed to read Amiel Feyerabend, Inc. Correspondent was Ted C. Larson, Antioch attorney.

W. B. Ames, Inc. of Lake Villa has changed its name to read Ames Brothers, Inc. Correspondent was Ames Waukegan of Waukegan. Attorney was B. B. David.

Village Board Okays Annexing Of Naber Land

Antioch made preparations for snow plowing Tuesday night.

At a meeting of the village board a resolution authorizing expenditure of \$3,000 for this work was passed and at the same time it was announced that the village street department is ready for the first white flakes.

Snow plows and other removal equipment are ready to move.

The board granted permission to Don Lubkeman to connect his home with a village water main on North Ave. under certain conditions.

An area roughly 398 feet by 1,321 feet was annexed to the village on petition of Bernard Naber. The land, now vacant, lies north of Lake street and just off Tiffany road.

A professional planning firm that would plan for future needs of the village in the way of zoning, building codes, annexations and the like has submitted a bid for doing the work in Antioch.

Representatives met with the local planning committee and discussed what the firm could or would do.

The village board decided informally to ask other planning companies to talk with the board before it makes any decision.

Neils Nielsen was appointed as an acting fireman at the request of the fire department.

Work is progressing on repairs of the scout building damaged this fall by fire. It was estimated that it would take \$6,500 to \$6,800 to put the structure back in shape.

It was reported that the village streets have been sealed and patched where needed and that they are in good shape for the winter months.

Students Vote On Talent Acts

(Pictures on pages 6 and 10)

Students at Antioch Township high school Monday had an opportunity to vote by ballots passed out to them at two assemblies on their choices as best in the talent show presented to the PTA meeting this week Wednesday.

The ballots allowed the pupils to vote on originality, audience appeal and original talent.

No result of the voting was made known, Ken Smouse of the teaching staff said. However, results will be compared with an adult judging group that will report after hearing the show Wednesday evening.

One point under each of the three categories went if the student thought the act was poor, two if it was good and three if it was excellent. This brought the possibility of 9 points for each act.

Freshmen and sophomores attended one assembly Monday afternoon and heard five or six of the acts. Juniors and seniors attended another assembly to hear the remaining acts.

Lack of room in the school auditorium for the entire student body to attend at one time makes it necessary to hold two assemblies.

Lasco Buys Old School

The old Oakland grade school building complete with heating equipment and jet water pump and tank included was sold to Ray Lasco of route 173, Antioch, for \$25 at an auction sale on the site Wednesday morning.

Lasco was the only bidder among 10 or 12 adults who attended the sale conducted by W. C. Petty and Robert Wilton of the Lake county school board of trustees.

Under the sale agreement Lasco must remove the building and contents within 10 months and bring the land level there down to grade.

The sale was conducted by the Lake county board for the benefit of Antioch grade school district 34.

Wilton is president of the county board of school trustees and Petty is its secretary.

GAMES WERE ENJOYED in the Antioch Methodist church Friday evening of last week after children had solicited donations to the UNICEF fund for underprivileged children abroad. This photograph shows children playing a game in the primary department room of Wesley hall. Ginger Goetz in the center of the group is leading a kind of charades game in which those watching had to guess what she was doing with her hands. Mrs. Wayne Polsgrove and Mrs. Simer Hunter were in charge of the games for this group. Mrs. Hunter is superintendent of the primary department at the church. (Antioch News photo)

Brownie Scouts To Sell Goodies

Many very young little ambitious salesladies will be canvassing door to door in Antioch, Grayslake, Lake Villa, Fox Lake, Ingleside, Round Lake and Gages Lake-Wildwood Nov. 2 through Nov. 8 taking orders for assorted salted nuts.

The little sales ladies are Brownie Scouts from Lakeside Girl Scout council who are conducting their only annual fund raising campaign.

Funds received through this sale enable them to help fulfill and further their scouting program.

Mrs. Harold E. Spinney of Round Lake, Girl Scout cookie and nut sales chairman, says the nuts which sell for 55c a can will be delivered in time to be served with Thanksgiving dinners.

DEAR READER News Editorials

"Marching With Progress"

The first week in November of 1959 marks a new epoch in the long period of service that this newspaper has tried to give its reading public.

Time has a way of making mankind change his way of doing and go along with the parade.

We have found that you can either be a parade marshal and ride at the head of the procession, or be a vital part of the parade or thirdly be the caliope and trail behind.

We can't always set the pace. But we can be a living, breathing part of the MAIN parade.

Therefore we have seen fit to fill a long felt need for rural coverage in western Kenosha county, Wisconsin, and in the future will publish the Lake Region News, a 28-year old newspaper of legal standing, which has been entered as second class matter at the post office in Trevor, Wisconsin.

So far the general public has accepted this move enthusiastically.

Western Kenosha county residents have stated that it opens a new channel for recognition and representation in their respective areas, and various organizations, groups and individuals have given us encouragement in their endorsements.

To the business man this is a boon as heretofore he had no local weekly newspaper in which he could reach an ever demanding public.

To the reader, it will be a distinct advantage to have a live weekly newspaper that you can feel definitely belongs to you.

This new epoch is entered into with confidence in the expressed desire of our citizens of the area for the high type of publication which we shall at all times endeavor to produce.

Livestock Exposition Slated Nov. 28 - Dec. 5

CHICAGO — Two of the foremost livestock events in the United States will be combined into one huge exhibition by merger of the International Dairy show with the 60th annual International Live Stock exhibition.

Each ranks at the top in its field — one as a continental showing of the dairy breeds and the other the world's leading exposition of the meat-making breeds of farm animals.

The merger brings the five breeds of dairy cattle — Ayrshires, Brown Swiss, Guernseys, Holsteins, and Jerseys — into the competitions of the International Live Stock exposition the first time in its 60 year history.

The combined exposition will be held here in the International amphitheatre Nov. 27 to Dec. 5.

This year's exposition takes on added international color with the entry of Canada's top dairy animals, as well as beef cattle, sheep, and horses.

The management reports \$130,000 offered in cash prizes in the competitions of 39 breeds of farm animals that the show will feature this year.

Other new events include a Quarter Horse show — a pre-opening feature of the Exposition on November 23 and 24, winding up with a Quarter Horse auction sale on Wednesday morning, Nov. 25.

Tuberculin Testing Program Slated in Area

Wilmot, Central High Schools To Host Nov. 9, 10

High schools at Wilmot and at Paddock Lake (Salem Central) will be the scenes of tuberculin skin testing clinics on Monday and Tuesday, Nov. 9 and 10 respectively for children of the first, fourth, seventh, 10th and 12th grades of those areas.

Trevor will open the clinic at Wilmot at 9 a.m., followed by Wilmot Graded at 9:30, Holy Name at 9:45, Riverview at 10 and Wilmot high school concluding at 10:15.

Central high school's clinic will open at 8:10 a.m. when sophomores and seniors of that school will have their testing.

Paddock Lake grade school and Mound Center will report at 9 a.m.

Whitley, Lincoln Rural, Miner and Pikeville at 9:15, Hazel Dell, South Bristol and Bristol State Graded at 9:30, St. Francis and Woodworth at 9:45 and finally Salem Center at 10:30.

Other tuberculin skin testing clinics are scheduled at Wheatland Center school starting at 9 a.m. Monday, Nov. 16; at Prairie Lane school at 8:30 a.m. Monday, Nov. 23, and at Hillcrest school at 9 a.m. on Tuesday, Nov. 17.

CHILDREN WHO are unable to attend the testing clinic for which they are scheduled may go to another scheduled clinic provided that:

1. Children present their signed "request cards" at the clinic.

2. Parents make arrangements for their transportation

3. Parents let the principal know their plans.

Parents may call the office of the Kenosha county nurse at OLYMPIC 2-4957, if there is any question.

The tuberculin skin testing program in rural Kenosha county will be offered for the second year, to children in the above named grades.

IT WAS planned by the office of the county nurse with the cooperation and approval of the Kenosha County Medical society, county superintendent of schools, Kenosha county supervisors health committee and town and village chairmen.

Testing will be done by members of the medical society.

"The test is a simple, harmless way of finding out whether or not the TB germs have entered the body," senior county nurse Isabel L. Larsen explained this week.

"It is possible with routine, periodic tuberculin skin testing coupled with periodic examination by the family doctor, tuberculosis will cease to be a major public health problem."

"Follow-up is the most important single aspect of a tuberculin testing program. Public health nurses give priority to this activity which includes home visiting and referral."

Friendly Folks Found In India, Speaker Says

Picture yourself, a young girl, a member of the volunteers of the American Red Cross, coming into Bombay, India, (one of the 17 largest cities in the world) on a troop transport during war time.

Then you have an idea of what Mary Sargent conveyed to us at the Antioch Woman's club, as she told her story on "Gentle India," Monday.

Her first impression was the quietness and orderliness with which the coolies dispatched their work of unloading, in contrast to the noise and confusion of our American way.

This same impression was carried out through her entire stay in the country.

Wherever she went, she was met with courtesy and friendliness and found that difference in language was no barrier. Graciousness was not confined to the elders.

Children innately expressed this same kindness and sweetness toward strangers.

Close family life was found among all, wealthy and poor, helping each other to live and to keep the dangers away from those who had come to work in their land.

Mary Sargent loves people, and her sensitivity to the good and genuine, found in the Indian people the qualities which endeared them to her.

"She is an extraordinary young lady who now devotes herself to creating a bond of understanding between people here and those she knew in India.

"Here's one case where speech is golden . . . and the kindness and goodness that radiated from Mary was not lost on her audience." (From Bay Herald, Whitefish Bay, Milwaukee, Wis.)

In her work at the bomber base with other American Red Cross volunteers and 7,000 GI's, she found a sense of humor in the Indian coolies, call boys and natives in general.

She gives much credit to a little 14-year-old orphan girl, who gave her the courage to live after being seriously injured in an accident on a desert base.

Memorial Books Are Added to Local Library

One of the many fine books which have been presented to the Antioch Township library in memory of Mrs. J. E. Brook is the wonderful classic about the middle ages written by Henry Adams, "Mont-Saint-Michel and Chartres."

Mr. Adams' descriptions of the great cathedrals form the core from which he deviates in all directions to describe medievalism.

"Popular Styles of Japanese Flower Arrangement" by Lida Webb, was also given in memory of Mrs. Brook. This is an excellent beginner's new book for American flower lovers who would understand the meanings behind the lovely fragile floral arrangements of the Japanese.

In "Subway to the Met", Kyle Crichton tells the enchanting story of America's favorite "Carmen," Rise Stevens.

It is a thrilling story of backstage opera and of television and movie triumphs which will be enjoyed by young and old alike. "Subway to the Met" was given in memory of Mrs. Paul Yokos.

Edward Tomlinson's career in journalism has centered around Latin America and for many years he was Inter-American adviser and commentator for the National Broadcasting company.

He is well qualified to tell us about the other 175,000,000 Americans who live in Latin America. "Look Southward, Uncle" was given in memory of Dean Williams.

The collection of books in memory of Gary Cunningham has been enriched by the addition of four new titles.

"Little Chip," by Berta and Elmer Hader, is the story of a little chipmunk who lives on Willow Hill.

"The Egg Tree" won the Caldecott medal for Katherine Milhous in 1950 and has been an Eastertime favorite since then.

Edgar Parker tells about five friends who lived in a hole in a tree and went to visit the king in "The Duke of Sycamore."

Nancy Watson retells, for young readers, a collection of Arabian Nights tales, in "The Arabian Nights Picture Book." Gay pictures by Aldren Watson vividly illustrate the book.

"A large percentage of those eligible for this help are not taking advantage of it, many of these because they do not know about it or because they did not know in time to plan college attendance."

Cocoa Peanut Squares

Photo courtesy of Karo Syrup

The youngster who carries lunch to school loves to find a surprise when the lunch box is unpacked. A brand new treat children will love is called Cocoa Peanut Squares. They will be a favorite with mothers, too, because along with being so good, they are so simple to prepare. Light or dark corn syrup is heated 'til' bubbly, and mixed with creamy or chunk style peanut butter. Crunchy cocoa krispies cereal is added, and that's all there is to it. The squares cool for twenty minutes, and they are ready to eat.

Cocoa Peanut Squares are perfect fare for lunch . . . nutritious and easily packed; for snacktime . . . with milk or fruit juice; and for dessert . . . the whole family will enjoy this confection developed in the Karo Kitchens.

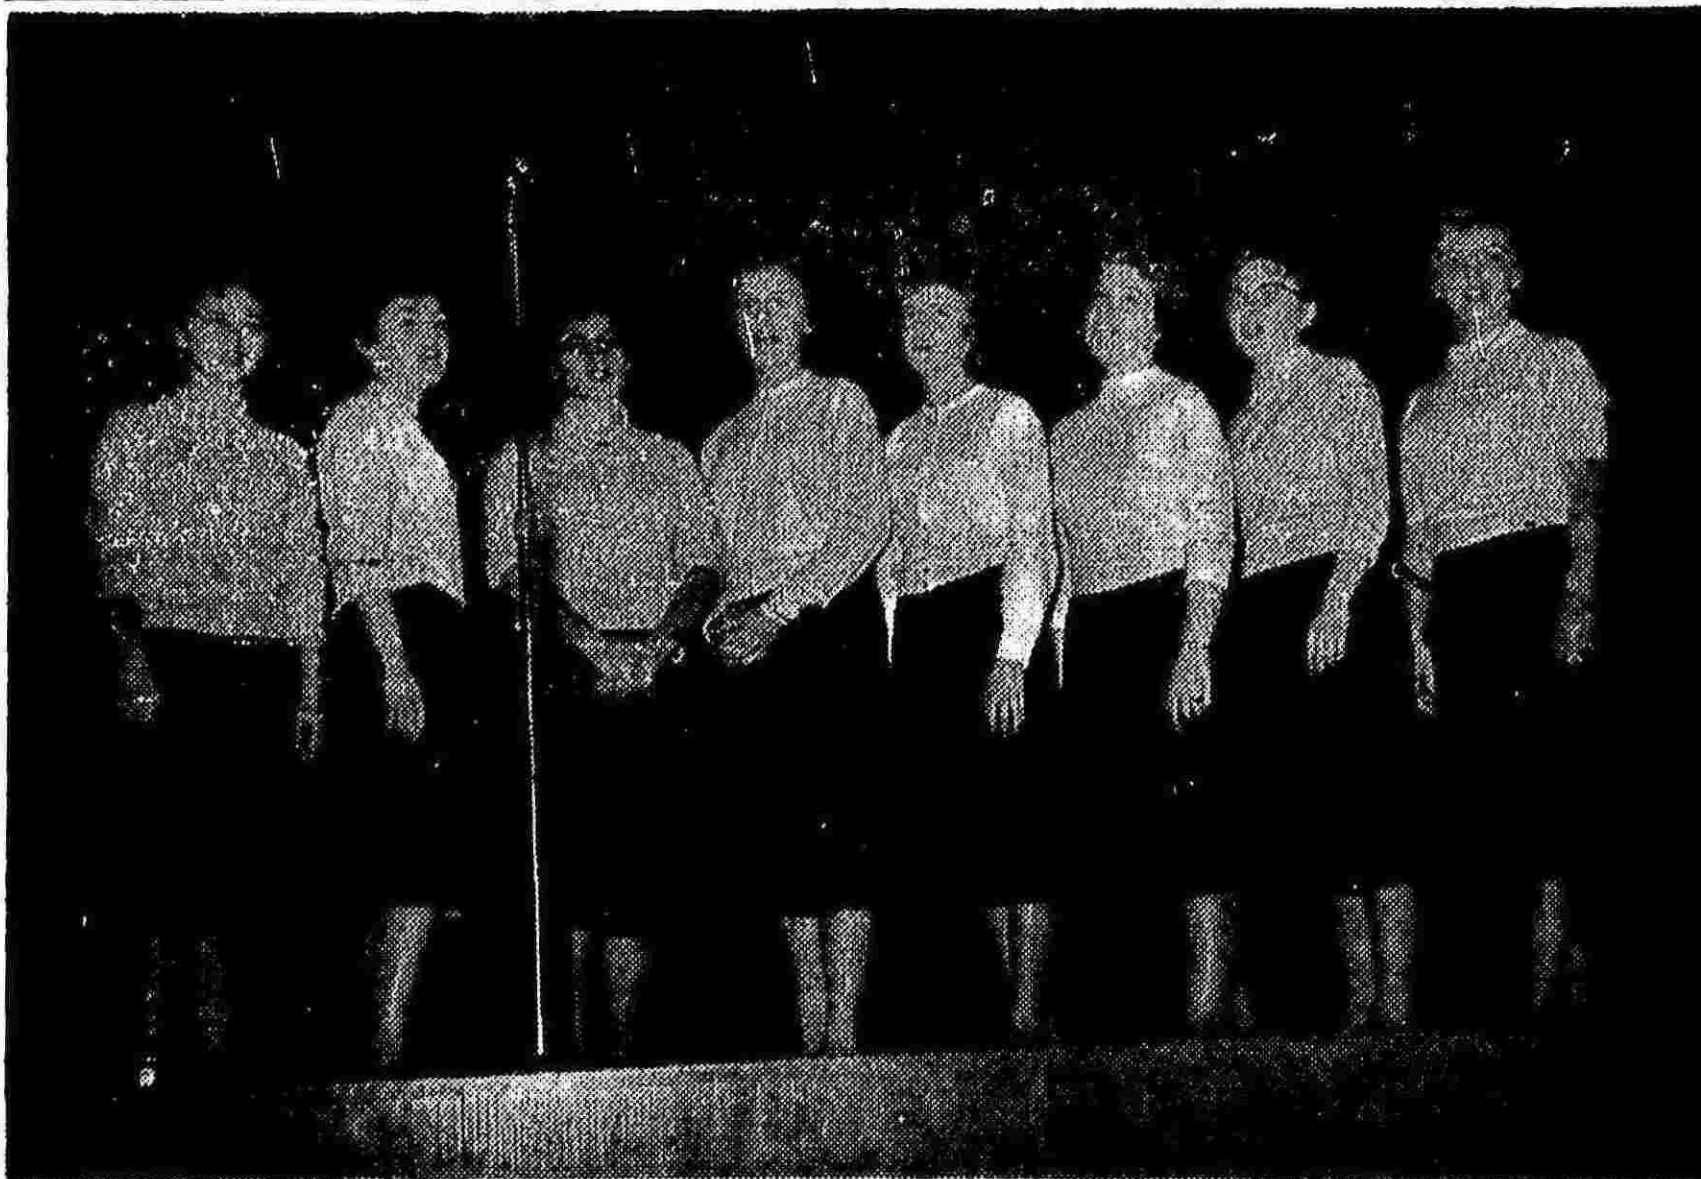

COCOA PEANUT SQUARES

(Makes one 8 or 9-inch square pan)

1/2 cup Karo light or dark corn syrup
1/2 cup firmly-packed brown sugar

1/2 cup Skippy peanut butter
3 cups Kellogg's cocoa krispies cereal

Combine corn syrup and sugar in 3-quart saucepan. Cook over medium heat, stirring frequently, until mixture bubbles around edge of pan. Remove from heat. Add peanut butter; mix well. Add cereal, stirring until well coated with syrup mixture. Press into greased 8 or 9-inch square pan. Cool at room temperature 20 minutes. Cut into squares.

"THE CHORALTONES", a group of Antioch Township high school girls, are shown as they presented a number Monday afternoon during an assembly for high school students. The group was to appear before the high school PTA meeting in a variety show this week Wednesday evening. This picture was snapped from the auditorium's front row seats while the girls were singing on the stage. Shown are, from left, Norma Brown, Barbara Fieder, Mary Jane Jensen, Barbara Young, Vicki Kopach, Nancy Scott, Penny Anderson, Jill Anderson. Separate assemblies were held Monday afternoon for the frosh and soph and for the juniors and seniors so all could hear at least part of the variety show of 11 acts. (Antioch News photo)

"Antioch Hi Chatter"

By Marie Jasten
Antioch High Reporter

This past week has been terribly hectic, and it seems that there were a hundred different things to do every day.

Last Wednesday morning, Oct. 28, the school was in quite a frenzy. The GAA initiation, now called "Man Hater's Day", was in part responsible for this.

All the girls from G.A.A. were to wear signs stating that they hate men, and none of them were allowed to talk to any man for the whole day. This excluded male teachers, but only if they addressed the girls first.

For each time the girls spoke to a man they had to fine themselves a penny. At the end of the day they turned in something around \$10.

Last Wednesday was also the day for the first professional assembly. The Great Lakes Naval band performed for the student body in the boys gym. It was a very enjoyable show.

The favorite of the student body seemed to be Frank Dawson, the handsome, bespectacled guitarist who played a solo in the band's production of "I Surrender Dear."

Monday the All School Talent Show was presented to the student body at two separate assemblies.

Included in the show was a vocal solo of "Embraceable You" by Penny Anderson. There was a clever take off on the charleston days of our parents by Dan Conrad and Margo Ott.

Jackie Ruhl and Erna Osterman did a pantomime to "Battle of Kookamunga", which was just the cutest.

Sharon Dittman, Norma Brown, and Sue Romer did a take off on one of the songs from South Pacific, "Nothing Like a Dame", but their version was "Nothing Like a Girl Scout". The words were witty and the idea was ingenious.

Betty Ann Amendola did a Calypso dance, Carolyn and Ralph Westburg an accordion duet, and the band played a few numbers.

The Chorathones, a vocal group consisting of Norma Brown, Barbara Fleider, Mary Jane Jensen, Barbara Young, Nancy Brockway, Vickie Koppach, Nancy Scott, Penny Anderson and Jill Anderson, sang "Thum-

belina" with a little narrative by Mary Jane Jensen.

Barbara Stokes, Ed Martin, John Hedberg, June Dressel made up the cast of "Don Brown's Body". This was a narrative act which poked fun at the detective shows on television. This was done with a chorus of freshman girls, which is stealing from the old Greek dramas.

The most different act on the program was Exotics, which was an Oriental dance and narrative number performed in authentic looking costumes.

Pat Callahan, Nancy Brockway, Peggy Garvin, Sue Romer, Mary Shirk and Marcia Kulp made up the chorus, with Nancy saying the lead story.

Pam Drucker, Dee Stillson and Karen Lightsey were beautiful oriental statues and Peggy McNeil portrayed a statue of a prince who couldn't decide which statue he wanted for his own.

This was all done to oriental music, and was very enjoyable.

All these acts were available to the public at the PTA meeting Wednesday night, and they are well worth seeing.

Last Saturday, besides being Halloween was the FHA Hobo day. The girls went out dressed in old clothes and scouted around for odd jobs, for which they were paid. This money they gave to the FHA.

Now that Bob Martin has recovered from the Round Lake game he's in bandages again. Poor boy, but he's suffering for good old Antioch. Bob was hurt Saturday night at the Grayslake game.

Last Saturday must have been really busy for a lot of people. The GAA had its Playday at Harvard.

The girls really enjoyed themselves, and are making plans for a playday between Grant and Antioch exclusively. This would promote friendship between the two rival schools.

This proposed playday at Grant would be more or less like the basketball and football games, where our boys go to different schools and play other teams. Maybe they'll be having girls teams soon!

Wednesday night, Oct. 28, the English department sponsored a showing of "King Richard V" starring Sir Lawrence Olivier. Quite a few of the senior English students showed up, and the evening was fairly successful, even though the Shakespearean word usage was a little difficult to plow through.

Harrison Brown went hunting one night and brought home a live opossum. He showed it to his Biology classes, and the animal is really cute, from far away!

The Bi-Phy-Chem Scientific society has met and chosen its scientific projects for a science fair that is planned for some time in the Spring.

Members also plan to go to the Museum of Science and Industry in Chicago on Nov. 30 tentatively. Miss Cleo Hueber, advisor of the Tom-Tom, is taking a group of girls to the journalism conference at the University of Illinois in Urbana for Nov. 13, and 14.

Dani Strattan, Karen Lightsey, Barb Stokes and Marie Jasten are going with her.

November 15 there is a program tea for high school senior girls at Northwestern.

Those girls interested in seeing what Northwestern is like signed up for this tea a few weeks ago and received their formal invitations in the mail Saturday.

They will attend the tea and a program devised for them, and then be shown the housing for women at Northwestern.

There were a few beatniks at the pep assembly last Friday. These beatniks were seated among the normal students, and all but one seemed just like everyone else, except for the dark glasses and beards.

One was so engrossed in his (her) painting he (she) didn't know what was going on at all.

At the end of the assembly someone put on a weird sounding record and the beatniks felt the beat, and they came from all over.

With a little knowledge of the senior class one could easily recognize the girls, which they were, but the freshmen must think that they are absolutely insane.

Sherry Davis and Janice Hughes made entirely believable beats, Pat Brynes, Penny Storch, and Norma Brown were good, and then Sue Romer came upon the scene with a poem from way out, titled "Ode to a Pigskin".

Of course they were well supplied with coffee mugs, and beatnik literature, and Sherry tried to get a beatnik impression of Pat Brynes down on canvas.

This enjoyable assembly closed the last school week, and it'll serve to close this article.

Fox Lake Hills Halloween Party Winners Listed

By Jim Jankowski
Fox Lake Hills Correspondent

FOX LAKE HILLS—Winners of the prizes given at the Halloween party for the children of Fox Lake Hills are as follows:

For the most gruesome, Bill Davis as a witch and Jo Ceter as a devil.

Awards for the most original costumes went to Cindy Sue Gram who appeared as (of all things) an apple tree and Sheila Doty, who arrived on the scene as an Eskimo fresh from the Northwest Territory.

In the games department, winners included Bobby Bell, Craig Afield, Carol Riley and Russ Hillestern. Winners of the three-legged race were Carol Riley and Russ Hillestern.

Top man in the sack race was John Capittelli, who defeated all challengers.

In the toddlers division Jimmy Sugden and Robb Ceter were the race winners.

The number of younger residents attending the party was a big 200. There were lions, tigers, angels, elephants, hobos and just about every other type of costume imaginable. Each child received a big red apple and a bag of Halloween loot.

The Woman's auxiliary was the sponsor of the event and Mrs. Donald Herdrich was the chairman. A hearty thanks to her and to her staff of workers.

The fishing Derby which was supposed to have been held last Sunday was called off because of lack of entrants. Only 11 persons had signed in at the starting time, not quite enough competition. Fees collected were returned.

Those who received unduly high tax bills are being urged to go down to the tax board in Waukegan and file a protest. It will not help out on this year's taxes but it might alter next year's.

Fox Lake Hills Subdivision will not be able to work out the mass protest system as it did so successfully last year. This is because the board would like to dissuade as many people as possible from filing complaints.

Mass protests make it easy for the taxpayers, but appearing in person, as is required now, makes it quite inconvenient for many.

No matter how inconvenient it is however, if you think your taxes are too high, protest.

UNICEF, the United Nations children's fund for underprivileged children in foreign lands will benefit by the love and thoughtfulness of all Girl Scout troops in Grayslake and Intermediate troop 71 Gages Lake-Wildwood of Lakeside Girl Scout council.

The Girl Scouts decided they would give 5 cents of their 10c weekly scout dues and donate also any money they received in their Halloween 'Trick or Treat' sacks for this worthwhile cause.

One cent provides the vaccine to protect a child from TB; 5 cents provides the penicillin to cure a child of crippling tropical disease called yaws; 10 cents provides 50 glasses of milk.

Girl Scouts realize their third and fourth Scout laws are "A Girl Scout's duty is to be useful and to help others." "A Girl Scout is a friend to all and a sister of every other Girl Scout."

Mr., Mrs. Emil Frozeth Celebrate Wedding Anniversary With Dinner

By Mrs. Pearl Kapell
Channel Lake Correspondent

CHANNEL LAKE—Mr. and Mrs. Emil Frozeth celebrated their 38th anniversary on Oct. 27. The Frozeths were married in Chicago, where they lived until 1949.

Since then, they have lived in Sun-Side subdivision. Mr. Frozeth, a brick mason, is semi-retired.

The Frozeths have two daughters, Lorraine Lemke and Doris Meierdick, both of Channel Lake. Mrs. Lemke entertained her parents at dinner on the day of their anniversary. The Frozeths also have six grandchildren.

Several roads in Sex's subdivision, at the north end of Lake Avenue, are being widened and repaired. Culverts are being installed where needed. Although it may not be possible to complete all the work this fall, plans are being made to improve all the roads.

Girl Scouts of Troop 73 were hostesses to the Boy Scouts of Troop 86 at a Halloween party held at the school on Oct. 30. The children danced and played games.

Doughnuts, cider and candy were served. About 40 children attended the party.

Carol McGlynn and Celia Hojem were chaperones for the affair. Celia is teaching the fifth grade at Lake Villa school this year.

The Elmer Meierdicks were hosts to several couples at a dinner and Halloween party Oct. 31. The party was a costume affair and many original costumes were worn.

Present were Mr. and Mrs. Emory

Trussell, Mr. and Mrs. John Runyard, Mr. and Mrs. Donald Bjork, Mr. and Mrs. Robert Lemke, Mr. and Mrs. John Milhouse, Mr. and Mrs. Walter Hill and Mr. and Mrs. Thomas Johnson.

The Thomas Johnsons are from Oak Lawn and Mrs. Johnson is the former Alice Ward. The Johnsons spent the weekend at the home of the Emory Trussells.

Several children from this area attended the UNICEF party at the Antioch Methodist church on Oct. 30. The children who take part in the activities of UNICEF collect pennies, door to door, on Halloween, in empty milk cartons. The pennies are sent overseas to missions to buy milk and medicine for less fortunate children.

Brownies of Troop 74 had a costume Halloween party at the home of their leader, Lois Ward, on the afternoon of Oct. 29. Games were played, with prizes being awarded to the children and refreshments were served.

Children attending were Susan Davis, Wendy Eberman, Kathy Eckert, Jean Kaleth, Vicky Labowski, Mary Luloff, Terry Portalski, Carla Reynolds, Karen Trussell, Viola Ward, Connie Willis, Joelyn Rozinski, Karen Voskuil, Patty Wiczorek, Colleen Ward, Shanda Jarvis, Pam Shaeffer, and little Jim Ward, who got in on the Brownies party because it was held in his home.

Refreshments were supplied by Karen Trussell, Vicky Labowski and Irene Reynolds. Candy was supplied by Mrs. Ward.

Lois Ward wishes to announce that four of her Brownies will soon "fly up" to Girl Scouts, which will leave openings in the Brownie troop. Any parents interested in enrolling their child in Brownies should contact Mrs. Ward as soon as possible.

Mrs. Arthur Soby, teacher at Channel Lake school, was hospitalized last week. She's home now, and will return to her teaching duties next week. In the meantime, Mrs. Pearl Powles is taking her place.

Children of Channel Lake school were shown a movie Friday afternoon, to celebrate Halloween.

A contest had been underway for some time to see which room could be quietest and most orderly at lunch time.

The contest ended in a tie between Mrs. Jungman's room and Mr. Behling's room. Children from these rooms were rewarded by seeing the movie free.

Each room also had "room treats" supplied by the individual room mothers.

Ralph Dowell, Jr., is home from the hospital and feeling much better. In spite of being handicapped by bursitis in his left arm, Jim Worswick bagged a deer on his hunting trip in Canada.

Airman 3rd Class Phillip Case, stationed at Dyess Air Force Base near Abilene, Tex., stood highest in his class when he took the Air Force knowledge test recently. He received a letter of commendation from Captain H. C. Cross for this achievement. Phillip expects to make airman 2nd class in December.

Mr. and Mrs. Lawrence Loecher entertained a group of friends and relatives on Oct. 31 to celebrate the golden wedding anniversary of Mrs. Loecher's parents, Mr. and Mrs. Henry Ziemke of Chicago.

Had a letter from Irene Jonas last

week, now residing in Griffith, Ind. She says they enjoy keeping up with the news of all their old friends in this area through the pages of the Antioch News.

Likewise, we're all interested in news from people who have moved away. So, former residents, drop us a line and let us know what you're doing these days.

Richard Jonas is being pledged to Sigma Tau Gamma fraternity at Ball State college in Muncie, Ind. He attended Mexico City college last year.

Jim Atwood lost a portion of a finger in an accident at work at Johnson Motors.

The Jehovah Witnesses announce that they will be holding weekly meetings every Sunday through November at 3 p.m. at the Channel Lake school house. The public is invited to attend. Speaker for next week will be K. Lundgren, discussing "Will Many Now Living Never Die?"

Don't forget the roller skating party coming up on Nov. 12, at Twin Lakes, from 7-10 p.m. Also, the Community club meeting Nov. 10.

John Eckert returned home from the hospital on Oct. 27. He's feeling fine and expects to be back leading his Cub Scouts soon.

Timmy Hucker came home from the hospital on Oct. 30. We're glad to say he's much better, though still confined to his home.

Marie and Ted Hucker entertained the Eddie Baumanns and the Jim Ivys at dinner Sunday evening. All then went to the bowling alley, where the couples league was bowling in Halloween costumes. Tess and her partner took third prize in costumes—a bag of corn curls.

Child Can Help Prepare Party, Enjoy The Fun

URBANA—Children may learn to share the work as well as the fun of an "after-the-game" party if parents give some guidance.

Clareta Walker, University of Illinois parent education specialist, suggests that cooperative family planning will let children know how they can help when guests arrive.

Age and size of youngsters will naturally determine how duties are divided. Rotation of jobs between children assures a fair work distribution.

If children are to help prepare food for guests, the refreshments should be easy to fix.

An unusual beverage for "after-the-game" parties is "Choffee." This hot cocoa with just a touch of coffee flavor will delight children and grown-ups alike.

Combine "Choffee" with juicy red apples and sister's big ginger cookies, and the food's all set.

Of course, children may also help with other details of gracious entertaining. They may answer the door and help hang up the guests' coats.

They should be allowed to meet all the guests. Also, they should share in, not monopolize, the conversation.

Children may also give mother a hand in serving the refreshments. And, after the guests have finished eating, the youngsters can help to remove the dishes.

Dishwashing and tidying up after the guests can also be family affairs.

2 Bucks Shot By Lake Pair

By Mrs. Pearl Kapell

CHANNEL LAKE—Venison will certainly be on the bill of fare in the Gutowski home for a while.

Joe Gutowski and his father, Bernard Gutowski Sr., each brought home a fine buck from their deer-hunting trip to Carroll County, Ill., last week-end.

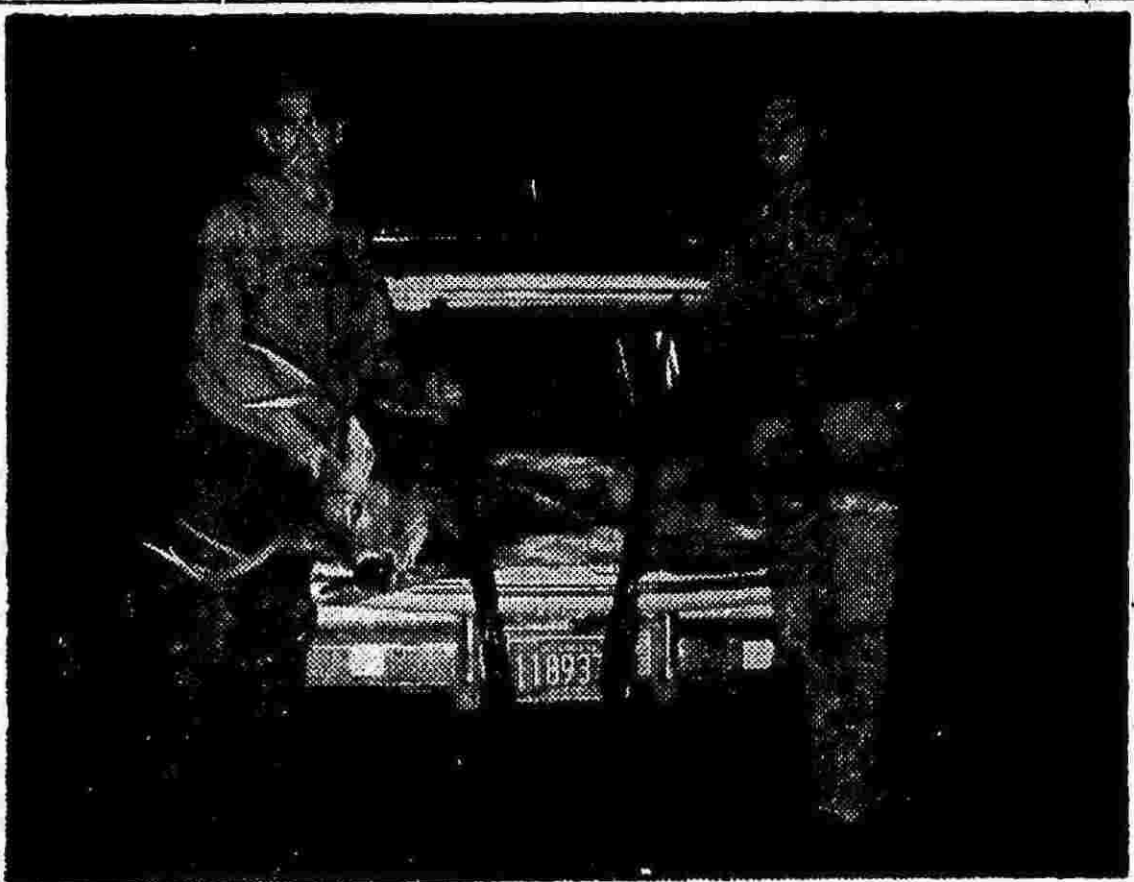

Joe's buck was an eight-pointer weighing 203 pounds, field dressed. Bernard's weighed 177 pounds. "Field Dressed" is with just the entrails removed.

The deer were weighed at the Savannah Locker plant.

This was the first buck Joe had ever shot, though he got a doe last year. He shot this one with a shotgun at about 96 paces.

This is the third year there has been a deer-hunting season in Illinois. The shooting is limited to three days and only shotguns are allowed.

The Gutowskis shot their deer a short distance north of Mt. Carroll, which is about 120 miles west of here.

KILL TWO BUCKS, Joe Gutowski (right) and Bernard Gutowski, Sr. are shown with two bucks they killed last weekend on a hunting trip to Carroll county, Illinois. The two Channel Lake men reported Joe's buck weighed 203 pounds, field dressed, and that Bernard's tipped the scales at 177 pounds. It was the first buck ever shot by Joe.

'Doctor Of Deflated Tires' Receives Aid

By Mrs. Pearl Kapell
CHANNEL LAKE—"Turn about is fair play."

George Hucker, P. M. (Master of the Pins), C.P. (Custodian of the Pumps) and D.D.T. (Doctor of Deflated Tires), spent quite a bit of time last summer pulling cars and trucks out of ticklish situations.

Recently he found himself on the receiving end of the service, for a change.

Carl Beitzell performed the honors when George got stuck in some soft fill at Chase's service station. This situation is comparable to an interne being called on to operate on the doctor who is schooling him.

But Carl, we are told, kept his composure and acquitted himself in a manner to do credit to the fine schooling he has received.

Carl had his bachelor's degree in rejuvenating tired cars, but then he got married. So now he's working for a master's degree.

District Governor Speaks at Meeting In Richmond Tuesday

RICHMOND—Rotary clubs in 115 countries throughout the world are united in an endeavor to promote international understanding, good will and peace.

That was the message of Thor Holter of Elmhurst, governor of district 644 of Rotary International, in addressing the Rotary Club of Richmond Tuesday, following a conference with local Rotary officers and committee chairmen.

This district includes 45 Rotary clubs in Northeastern Illinois.

In addition to the activities of the more than 10,200 Rotary clubs within their own communities to promote this objective, Holter explained, Rotary International has awarded grants of more than \$3,000,000 in the past 12 years through its program of student fellowships.

These enable outstanding college graduates to study for one year in countries other than their own, as Rotary ambassadors of good will.

Since 1947, when this program was established, 1,202 Rotary Foundation fellowships have been awarded to students in 67 countries for study in 44 countries.

Rotary fellows studying in Northeastern Illinois this year are Sidney Foveda of Australia, Miss Malti Hukku of India, Gerhard Amann of Austria, and Araldo Boggia of Italy, all studying at Northwestern University in Evanston.

Studying at the University of Chicago is Vamireh Nascimento of Brazil.

Mr. Holter urged the local Rotarians to attend the Rotary district conference to be held in Evanston in March, 1960, at Northwestern University. The headquarters of Rotary International are also located in Evanston.

He also urged them to make plans for the club to be well represented at the 51st annual convention of Rotary International, which will be held in Miami-Miami Beach, Fla., next May.

Halloween Party, Pack Meet Held At Channel Lake

By Mrs. Pearl Kapell

CHANNEL LAKE—Cub Scouts of Troop 88 held a combination pack meeting and Halloween party at the school on Oct. 23. This was a family affair and many parents, brothers and sisters were present.

Clarence Jarvis, committee chairman, took charge of the meeting in the absence of John Eckert, cub scoutmaster, who is hospitalized.

Den No. 1 gave the flag ceremony. Jarvis announced that a round table meeting would be held at Antioch grade school on Nov. 4. All adults of the community are invited.

On November 7 the three den chiefs will go to Fort Sheridan to attend a den chief's conference. They will receive instructions there for their position as den chiefs.

Their transportation and expenses will be paid by the pack. Three boys taking part in this will be Paul Kaleth, Calvin Trussell and Kenneth Buell.

All Cub Scouts and many of their guests were in costume for the party. Prizes were awarded in various categories, with Jim Bruski, neighborhood commissioner, Hank Luloff, and Dolores Eckert serving as judges.

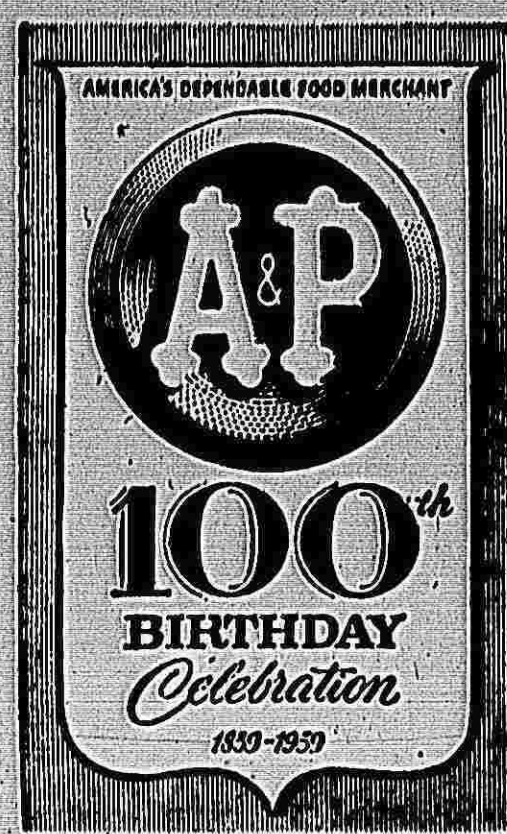

Prize for originality went to Kevin Jarvis as a ballet dancer; for making his own costume, Tommy Runyard, as a mechanical man.

Pat Runyard won boy's pre-cub prize for best costume, and Joan Bjork girl's pre-cub prize.

Three Wolf badges were awarded by Bruski to Marty Peters, John Bjork and Mike Bolton.

Various contests and games were entered into by both parents and children. Refreshments were served by the mothers of Den 3 boys.

Soybeans planted in 28-inch rows yielded about four bushels more than average on the University of Illinois Allerton Trust farms near Monticello this year.

Sequoits End Season Saturday

Grayslake Loses League Contest To Locals, 26-7

Antioch high's gridders close their 1959 season this week Saturday evening by taking on Wauconda on the Antioch field at 8:30. A game between the frosh-soph teams at 6:30 will precede the varsity contest.

Antioch high clinched a first division berth in the final standings of the Northwest Suburban league with a convincing 26-7 victory over the Grayslake Rams last Saturday evening on the ATHS field.

At the same time the Sequoits avenged to a great extent losses pinned on them in past seasons by the Rams, including a 65-0 defeat and one to the tune of 26-0 over the past two years.

Rugged and alert defense helped no little in the victory for coach Bob Walther's charges, particularly in the pass defense department, although the Sequoit line was tough most of the evening too.

The Rams failed to complete any one of nine passes thrown and one was intercepted by the home team. They also were limited to 167 yards gained from scrimmage and five first downs on the ground.

Antioch high gained 215 yards on the ground and 71 more via passes. Eight-out of 13 passes were completed. First downs for the Sequoits numbered 11 and the home team didn't need to punt once.

DON PYLES "ran wild" in the game, making 117 yards in 14 carries and tallied one touchdown on a 55-yard run. He also had a part in two other scoring plays, including a forward-lateral combination.

The local team garnered its first touchdown in the first quarter when Sequoits Tom Burda and John Parker nailed a Grayslake punter trying to get off a kick on fourth down on the visitors' 35 yard line.

Dick Wolf, who also shone in the game, finally scored on a 33-yard running play.

A forward-lateral play that covered 6-yards with Dick Gudgeon, Jack Thompson and Pyles having a hand in it, tallied the second Antioch td. Gudgeon crossed the final white line for the Sequoits.

Only touchdown for the Rams was made in the second quarter when Bob Evans ended a 52-yard march by going over from the Antioch 1. Rick Maloney converted and Antioch led 12-7 at the half.

THE THIRD stanza saw Pyles break loose for his 55-yard jaunt and finally passing to Thompson for the extra point.

Forty-two yards were covered by Sequoit players in the fourth quarter to ring up the final home team touchdown. This time Pyles passed over the line to Gudgeon on a short gain.

Gudgeon lateraled to Bob Wozniak and he raced about 40 yards to score. Ron White booted the extra point.

A couple of spirited goal line stands by Antioch helped keep the Rams from hitting paydirt in the final quarter.

Grant Defeated By Lake Forest

By Jim Glendening
Grant High Sports Reporter

FOX LAKE — Lake Forest high's Scouts stung Grant high of Ingle-side 27-7 last Saturday in a Northwest Suburban league game.

In the first quarter Grant received the opening kickoff and drove to the Lake Forest 17-yard line, but a fumble eliminated any chance it might have at that point to score.

This set the stage for a Kingery, Green, Herbert touchdown drive for Lake Forest that covered 87-yards. Wilber then kicked the first of three extra points he made.

Grant came back almost immediately to tie the score on a 50-yard march, climaxed by Ernie Smolik's 25-yard dash to paydirt. Ed Coats booted the placement to make the score read 7-7.

In the waning minutes of the first half, Kingery threw 22 yards to Green to make the scoreboard favor Lake Forest 14-7.

After a deadlock third stanza, the Scouts tallied twice, once on a 65-yard drive with Jacker flagging down a pass in the end zone to end it.

Bill Rawson went the final one-yard for the final touchdown of the Lake Forest team.

SEQUOITS CLOSE IN on Grayslake player in the game that Antioch high won from the visitors last Saturday evening on the local field. This action taken late in the first half shows an unidentified Grayslake player being hammed in near the sidelines by three Sequoits with two more coming up at the rear to lead a hand if needed. Antioch players are in white shirts. No. 66 was Walt Rosquist (guard); No. 74 was Joe Etton (center-guard); No. 76, George Anzinger (tackle). No. 61 (no think) behind No. 66 at left was Phil Mitchell (tackle). (Antioch News photo)

Scouts Basketball Team Has Height, Experience

The Antioch Scouts, local semi-pro basketball team should have good height and experience in the "front line", manager Tom Poulos said this week as the squad went through another practice session.

Starters from last season would include Jack Pregenzer at 6 foot 5 inches tall, Bill Baird at 6-4 and Art Smejkal at 6-3, as the tall players.

Al Reckers at 6-1 and Dick Behrens at 5-10 were other starters last season and are expected to help form the nucleus of the 1959-60 team.

The Scouts squad, made up almost entirely of Antioch Township high school graduates, practiced this week Wednesday evening for the second time this fall at the high school gym.

They open their Land O' Lakes semi-pro basketball league schedule against Richmond on the Grayslake high school floor at 1:30 p.m. Sunday, Nov. 15.

The schedule calls for three games to be played each Sunday and on the same floor. First game will be at 1:30, the second about 2:55 and the third about 4:20.

OTHER GAMES on opening day, November 15, will see Grayslake meeting Wauconda and Round Lake taking on Fox Lake.

Three rounds will be played with five Sundays of three games each being set up for each round.

New players on the Scout squad

from last season include Sid Parker at 6 feet tall, Butch Brownlee 5-10, Leroy Gallagher 6-3, Bob Poulsen 6-1, Bob Lubkeman 6-1 and Bob Wilton 6-3.

Jerry Quilty, who is now in the armed services, is expected to return some time this month.

Last season the Scouts had a record of 12 wins and three defeats, placing second in the league. Posner's of Waukegan came in first place.

MANAGER POULOS foresaw a closely matched league this season and expects great interest among fans in all six communities.

The Scouts will play several non-league games this season, with the first one at home scheduled at 8 p.m. Wednesday, Nov. 1, against St. Mary's of Waukegan on the ATHS floor.

A scrimmage is planned against some team yet to be named at the local gym the evening of Nov. 9.

The local semi-pro club this week expressed its thanks to all sports fans who made possible its recent ticket sale.

Local business people who helped included Antioch State Bank, Sequoit Harbor, Lakes Tile, First National Bank of Antioch, Antioch Lumber Co., Bussie's Tavern, Carey Electric, Antioch IGA store, King's Drugstore and Antioch Servicenter.

Wilmot High 'Looks Good' Losing To Undefeated East Troy Eleven

WILMOT, Wis.—Wilmot high's Panthers, looking the best they have been since losing to Antioch in the 1959 schedule opener, dropped a league game to undefeated East Troy on the Wilmot field Tuesday evening, 20 to 0.

It was the season finale for both high schools.

Coach Frank Bucci of the Panthers said his players reached the East Troy 14-yard-line on two occasions, only to lose the ball on downs. Wilmot made 8 first downs to 10 for the visitors.

East Troy scored on an 84-yard pass play in the first quarter and on a pass play that covered 46-yards in the second quarter. The third visitors' td in the third stanza tallied on a sustained drive of 47-yards.

Bucci had praise for the Wilmot boys, particularly in the line.

Wilmot ended the gridiron wars with a record of 1 victory, 6 defeats and 1 tie. East Troy racked up a nine wins, no defeats record.

LAKE GENEVA — Jim Ratchek injured his knee on the second play of the game and that told much of the story for Wilmot high's football team as it dropped a 27-0 game to Lake Geneva high's Badgers last Friday evening.

The classy halfback of the Panthers missed the rest of the game played in mud and rain at Lake Geneva.

With him out of service, Lake Geneva concentrated its defense on Wilmot star ball-carrier Gary Held. He was held to 29 yards in nine carries.

Dick Kahn scored first for Lake Geneva, going 15 yards on a quarterback sneak in the first quarter. Jack Edl kicked the extra point.

Lake Geneva started at the 50 yard line near the end of the initial period and in seven plays scored.

Kahn passed to Jack McLean for the td. Edl's kick made the score 14-0.

The home team scored its third touchdown in the second stanza, as Kahn passed to Dave Novack covering 34 yards. The conversion try failed.

The fourth quarter saw the final Lake Geneva score after a 55-yard march in nine plays. Novack ended the drive with a 23-yard run. Kahn ran the extra point to make the score 27-0.

Wilmot made five downs to 13 for Lake Geneva, covered 53 yards in rushing to 173 for the home team and 32 yards through the air to 85 for the Badgers.

The visitors tried 10 passes and completed three, while Lake Geneva attempted 11 and completed five.

Practice Safety While Hunting

As the 1959 Illinois hunting season approaches, hunters are urged to use common sense in handling guns, to consider the safety of others and to practice good sportsmanship and good manners during their hunting expeditions.

About one-third of all the fatal shootings in 1958 occurred in connection with hunting trips, says O. L. Hogsett, extension safety specialist at the University of Illinois College of Agriculture.

No game animal or bird is worth the risk of shooting a fellow hunter. If you can't see where your shot is going, don't shoot. There may be someone in your line of fire.

Do not carry a loaded gun in an automobile, boat or other conveyance.

Load your gun only after reaching the hunting area, and make sure to point the muzzle away from everybody and toward the ground.

Carry a gun with the safety on. And last of all, don't mix gunpowder and alcohol.

3 Pheasants A Day Limit For Illinois

Hunters will be permitted to shoot three cock pheasants per day during the hunting season commencing at noon, Nov. 11.

Although the present crop of young pheasants in east-central Illinois is about 15 to 20 per cent smaller than last year, hunters can still look forward to good shooting, said Ronald F. Labisky, assistant wildlife specialist of the Natural History survey, Urbana.

"In 1958, hunters averaged only 2.5 hours afield to bag each cock," Labisky pointed out.

"In that year an unusually large crop of young pheasants made hunting excellent. Despite a poorer hatch this year, hunters will find more than ample supply of cocks when they go afield."

"This year there should be excellent hunting in Ford, Livingston, McLean, Iroquois and Champaign counties."

The 1959 season, opening Nov. 11, continues through Nov. 30. Shooting will be allowed from sunrise to sunset every day except on opening day when shooting is scheduled to begin at noon.

Daily bag limit will be three cock pheasants. Possession limit, after the first day, will be six cocks.

The shooting of hen pheasants has never been permitted in Illinois.

Pewaukee Edges Central 14-13 In Season Finale

PEWAUKEE, Wis.—Salem Central was knocked out of fourth place in the Southeastern conference football standings last Friday night when Pewaukee edged the Falcons 14-13 in Salem's season finale for 1959.

The falcons had somewhat the better of the argument statistically, running up 15 first downs to 8 for Pewaukee, and covering a net 214 yards on the ground to 131 for the home team.

Central attempted four passes and completed two for 19 yards, while Pewaukee tried 10 and completed four for 40 yards.

Penalties hurt the visitors, however, losing 50 yards for infractions to 5 for the home team.

The first quarter saw Central open the game's scoring when Fred Lentz passed to Andy Aguero for the touchdown. The extra point try was missed. Pewaukee was held scoreless through the first two

quarters.

But in the third period the home team's Doug Hackbarth on a reverse ran 56 yards, Bob Schaeffer ran the extra point and Pewaukee led 7-0.

With four minutes left in the final quarter, Aguero ran up the middle of the field for 12 yards to score for Central, Jim Urban ran the point and the Falcons led 13-7.

A fumble after the following kickoff gave Pewaukee a break. Jerry Bailey went on to score for the hometowners and then ran the extra point to give Pewaukee the 14-13 decision.

Jeff Grumbeck gained 75 yards in 18 carries, Aguero 68 yards in 12 carries, John Lentz 37 yards in 15 tries, Gene Schulz 20 yards in four and Jim Urban 11 yards in two carries to pace Central.
